WELCOME!

FROM KELLY, OUR PRINCIPAL

Thank you for your interest in Step in Time Studio of Dance. Whether you are a current or returning student, or new to our family, we would love to have you join us in 2021.

2021 is a new beginning. Our revival year, after the global pandemic in 2020 saw us closed for almost 8 months. We will be celebrating 10 years of dance at Step in Time in 2021, and we are ready to make it our best year yet! It's time to re-build, and get back to doing what we love - dancing and performing! We've got some exciting new changes and improvements coming in our 10th year, but can assure you we are still the same amazing team and school you know and trust.

Many of our students refer to Step in Time as their home away from home. We love being that safe place where our students can truly blossom, both as dancers and as young people, creating memories and friendships that will last a lifetime. Whether students wish to pursue dance as a hobby, or to a professional level, Step in Time provides its students with an opportunity to make friends, gain confidence, keep their bodies and minds active and healthy, and develop life skills and discipline that they can carry through to whatever the future holds for them. We are a family at Step in Time, and 2021 will be all about bringing that family together and allowing each and every student to flourish in our community environment.

We offer quality tuition in all styles of dance, as well as Acrobatics, and our new Sing, Dance, Act classes. We pride ourselves on our beautiful dance facility, a perfect learning environment for young dancers, and a welcoming atmosphere for all.

At Step in Time, we believe performing is the most exciting aspect for a dancer; therefore, we strive to offer our students many opportunities to perform to an audience throughout the year. As our students grow up, we offer various streams and performance opportunities for them to strive for. We also pride ourselves on our fantastic Student Helper program, and our new Dance Step program for Senior students, which really adds to our family oriented school.

I would like to thank you for supporting our studio through and out of 2020, and I can't wait to lead our students and staff through what is set to be an amazing 10th year at Step in Time.
